School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
El Capitan High School	24-65789-127373		

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

The Healthy Kids Survey is used district wide to guide school sites in fostering school climate and culture and to provide strategies for a safe environment.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The Merced Union High School District and District Teachers' Association collective bargaining agreement requires all probationary teachers to have three formal classroom observations per year. Permanent teachers are evaluated every other year. In addition, at El Capitan High School, the classroom observation process is done in a walk-through format. The walk-through process is essential to establishing and maintaining the fidelity of the district established instructional norms and allows teachers on-going recognition of strengths as well as provides specific feedback and ideas to address challenge areas. Administrative walk-throughs are conducted by each administration at a rate of approximately twenty per month for a total of sixty observations each month. Feedback can be given in either a written or face-to-face format. District office staff also participate in the walk-through process, partnering with a campus administrator, to allow for calibration between the administrative staff and to provide additional insights into successes and target areas. Finally, peer-to-peer walk-throughs are also utilized to allow for the ECHS teaching staff to learn from master teachers on site.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

El Capitan High School uses a variety of professionally acceptable processes to collect, disaggregate, analyze and report performance data to the entire shareholder community. Our embedded intervention program provides a five-week grading cycle that allows students and parents regular feedback in regards to student performance as well as corresponding intervention. Teachers are required to post grades within the AERIES grading system. Students and parents are provided with log-in information that allows them to see specific grades on signature assignments and assessments. Use of the AERIES system, also allows for teachers, instructional coaches, counselors and administrators to analyze student's performance on assessment measures such as classroom based formative and summative assessments, district benchmark assessments, the CELDT assessment and the CAASPP assessment.

Common district benchmark assessments or performance task assessments associated with the Common Core State Standards are administered quarterly to collect data regarding our school's progress towards Common Core and State Standards. The data from these assessments are reviewed both at the site and district level to include school wide staff meetings, department meetings, Instructional Leadership Team meetings, Intervention Team meetings, School Site Council, ELAC, and DELAC. Common formative assessments, which have been vetted by the WESTED organization, are also used by our departments to collect data regarding the level of rigor demonstrated by the staff. The data from these assessments are reviewed by site members and material is discussed at subject level meetings and instructional leadership team meetings.

All data is collected with the intent of driving instruction and allowing for transparency in terms of communication with stakeholders.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers employ a variety of strategies in order to determine the success of teaching techniques and level of student learning. Common signature assignments and formative and summative assessments are administered to determine student's mastery of the standards taught during each grading period. Students that have not demonstrated mastery are required to refine and retake assignments and assessments in all instructional areas until mastery is reached. Error analysis and reflection are required as part of the mastery process. In addition to these signature assignments and assessments, frequent checking for understanding measures appropriate for the 1:web environment are utilized. Data gathered is used to inform instruction in regards to what standards need reteaching and what strategies produce the best results in terms of learning. The daily collaborative period allows for an immediate platform for all teachers to review this data and make needed changes to better support student learning.

Data is collected with specific intent to drive instruction and intervention. Student's performance on signature assignments and assessments is analyzed by subject specific teacher teams during daily collaboration periods in order to immediately adjust instruction. Additionally, students participate in "data chats" and "test chats" with counseling and administrative staff related to their performance on standardized assessments and goal setting for future test administrations.

Academic marks are analyzed at each five week interval in order to adjust embedded intervention supports. Each student participates in the intervention program daily, either receiving the intensive subject specific intervention appropriate to target academic coursework that has fallen below the passing level, participating in study hall, leading others in the form of a Link Leader or Academic Mentor or enjoying the incentive of an Extended Lunch period.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The MUHSD board has adopted specific policies and expectations regarding the need for staff to be highly qualified. Presently, El Capitan High School's staff is 100% highly qualified. All ECHS teachers receive professional development through both site and district level trainings which include follow up coaching support to ensure proper implementation of new or refined strategies. Site trainings are developed in association with the ECHS instructional foci for the school year which are directly aligned to both the adoption of the Common Core Standards and the district's communicated instructional focuses. Current instructional focuses include the use of instructional norms, Depth of Knowledge, Student Centered Classroom, and Awareness of Special Populations.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

ECHS staff receive regular professional development at both site based and district level, in addition to specific professional development pursued on an individual basis. Professional development is designed and selected based on district and school based strategic plans and instructional focus areas, the ECHS vision and mission statements and the established SLOs. All new teachers receive direct BTSA support through the district's BTSA program. District sponsored professional development opportunities available to all teachers include the provision of credentialed instructional coaches who collaborate with teachers and provide feedback and support in a non-evaluative format, continual off-site training in researched based instructional norms (objective writing, higher order thinking questioning strategies, student engagement, vocabulary development, and daily literacy enhancing activities); lesson planning training and support; use of technology to support instruction and student learning; and funded opportunities for alternate campus visitations to observe and collaborate with MUHSD master teachers. On-going training in adopted programs that target at-risk subgroup populations to include X-treme Reading and Edge curriculum used to support students acquiring English is provided by expert trainers. Finally, training essential to the adoption of the Common Core State Standards has been provided to district self identified "early adopters" which served to determine essential standards, break down standards into subskills, determine appropriate pacing and order of instruction and collaboratively design performance tasks and assessments. ECHS has also established on-site Common Core instructional support provided by an ECHS based Common Core early adopter who serves to support other teachers in implementing instructional strategies aligned with the Common Core standards one period per day.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

On-going professional development at ECHS consists of both support through the instructional coaching model and through an established site professional development calendar. The site PD calendar was collaboratively initiated based on the ECHS instructional focuses for the school year and the essential skills that ECHS students will require in order to achieve master of the Common Core State Standards and be college and career ready. The professional development calendar allows for the following sessions, length determined by the needs of the staff (half day or full day), available either first and second semester of the school year:

Depth of Knowledge (DOK)
Closure
Student Engagement
Instructional Norms
Technology

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

ECHS staff receive continual coaching and feedback through the use of instructional coaching and peer to peer or administrative walk-throughs. Instructional coaching support is available daily, any period of the day, as El Capitan employs one full time instructional coach on site. The instructional coaching process allows for non-evaluative support to teachers by request or as assigned if necessary.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

ECHS offers a unique master schedule in which a daily teacher collaboration period is offered in order to allow on-going monitoring of student achievement, while also providing an opportunity to refine and recommend instructional strategies and tactics for meeting student needs. Student's performance on signature assignments and assessments is analyzed by subject specific teacher teams during the daily collaboration time in order to immediately adjust instruction.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Teachers are implementing the Common Core State Standards in the classroom. Teachers continue to prepare students for the existing accountability system and utilize district adopted assessments/performance tasks to monitor progress. Teachers also use District provided pacing guides, quarterly benchmarks, and site created formative assessments.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

N/A

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Strategic English and embedded intervention classes are offered throughout the school day and allow students to access core classes as well as intervention classes when needed. There is also an Academic Support class offered several periods during the school day.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

As evidenced by El Capitan High School compliance with the Williams Act, every student has access to standards-based instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

El Capitan High School teachers utilize research-based instructional practices such as checking for understanding to assist in identifying students who may require Tier 1 classroom interventions (small group or individual instruction). El Capitan has also developed an embedded intervention program consisting of a 30 minute period within the school day where students receive academic intervention and support. Students are also able to retake or redo assessments and signature assignments.

Evidence-based educational practices to raise student achievement

All teachers have been trained in Explicit Direct Instruction and lesson design. Instructional Norms such as frequent checks for understanding, questioning techniques which require Higher Order Thinking Skills, student engagement strategies, vocabulary instruction, and participation in activities which integrate the four domains of language are also employed.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

El Capitan High School offers many opportunities for parent and community involvement. Activities include School Site Council, English Learner Advisory Committee, Back to School Night, Gaucho Fest, Muffins for Mom, and Donuts for Dads. A community liaison provides translation and outreach services to non-English speaking populations. In addition, El Capitan offers to parents multiple opportunities to become involved including: weekly evening classes on English instruction, technology instruction, and parenting strategies. Saturday workshops may also be available to parents on topics that relate to increased student achievement.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Involving stakeholders in programs is a focus at El Capitan High. Input is received from parents, community representatives, classroom teachers and other personnel as part of the School Site Council and English Learner Advisory Committee.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Academic Support, Integrated Math A and B, Strategic English, Embedded Intervention, AVID, technology, and professional development.

Fiscal support (EPC)

ECHS receives fiscal support with LCFF, Title I, and Title III funds.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

GOAL 1: All students will be provided a relevant and rigorous instructional program that provides access to college and career readiness in part by implementing and monitoring Frosh Seminar, implementing HMH curriculum and benchmark, communication on site pathways and CTE plans.

Goal 1

Support the District with providing all students with a relevant and rigorous instructional program that provides access to college and career readiness. ECHS core teachers and many elective teachers are invested in developing Common Core materials into their instructional program. A 6 year plan developed in connection with the Guidance department and a Career Tech provided by MCOE provides information about college and career readiness. English learners are provided support at several levels. ELD courses support acquisition of English and the improvement of grades in ELA and Social Studies classes as students move from 3 periods of support for ELD 1 & 2 students, a period of support for transitional students and those identified as ELD 4 & 5.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 2 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Lee Shaw	Principal
John Petty	Classroom Teacher
Alejandra Salas	Classroom Teacher
Jason Chavez	Classroom Teacher
Amy Quiralte	Other School Staff
Sandeep Kaur	Other School Staff
Lori Henenfent	Parent or Community Member
Sandra Rogers	Parent or Community Member
Sheila Petty	Parent or Community Member
Natalie Collins	Secondary Student
Martha Manzo	Secondary Student
Casey Pelayo	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

Other: SSC Chairperson

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 11/7/2018.

Attested:

Principal, Lee Shaw on 10/30/18

SSC Chairperson, Rennel Rhodes on 10/30/18

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
